

Appreciating the Benefits of Tower Silos

“I used ag bags during my first nine years of farming. As the farm grew, so did the number of bags used each year. Two years ago, I made the decision to change over to tower silos and had four concrete stave silos put up. Now there is no mess! It’s much cleaner and less complicated to fill the silos, easier to feed and most of all, there is no feed loss. I appreciate the benefits of the tower silos.”

- Jordan Mabie, Owner of Mabie Farms

Mabie Farms located in Roseboom, New York milks 80 cows, farms 200 acres and has four tower silos.
